

I DON'T KNOW ABOUT YOU ~ BUT I AM ANGRY

Let me explain why.

To be real blunt - for many years, because of utter shock, and frankly - disbelief, I just shake my head. I can hardly believe that so much of what is said by some people (and yes even some groups that masquerade as churches) could actually have been said by them or anyone else.

I have struggled with what I have seen on so many fronts, outrageous things that have been said or done. It has been difficult to come to grips with what I see today compared with what used to be (I thought) normal, intelligent, even caring people. We all know that we have always had those who are 'way-out' or ones that seem to have that odd logic or fringe behavior.

Today is different though! Those that had that type of behavior were few in number but now they (even if they not the majority) are the definitely the most vocal. Like the energizer bunny they keep going and going - getting more unstable each day.

Before my very eyes they have become ambassadors of evil bent on a mission to turn what was right into what is wrong. And if that in itself is not bad enough, they elevate wrong into a place of dedication that demands 100% loyalty and then worship it.

They also attack all those who have not bought into their evil with incredible viciousness; their actions so wicked the motivation has to have come from the pit of hell.

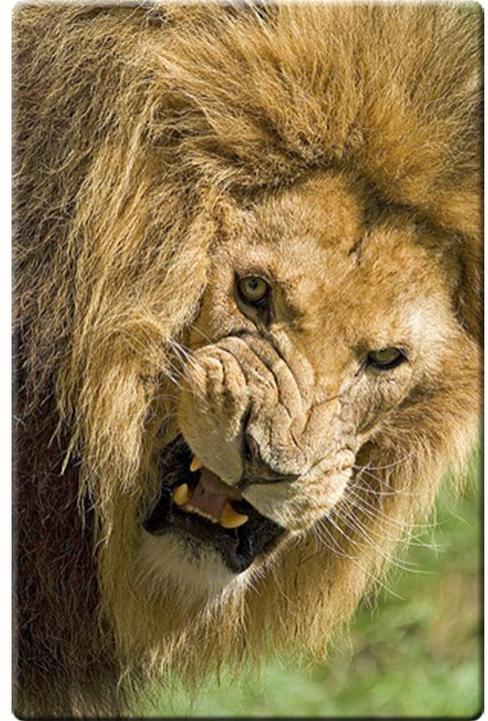

It seems every day is a new day of trying to wrap my head around the amazement that nobody with a brain could be so twisted, so devoid of logic, so evil, so all about themselves that there is nothing too low for them.

They pretend to care about free speech but have no real interest in it.

They claim to want us to have better countries to live in yet all the while choosing to sell them out and see them destroyed if it serves their immediate purpose.

On "The View," Joy Behar commented, "It's one thing to talk to Jesus. It's another thing when Jesus talks to you. That's called mental illness, if I'm not correct, hearing voices."

Justin Trudeau - budgets balance themselves and those convicted of terrorism get to keep their Canadian passports. A terrorist is one who completely feels excluded.

A Lesbian Methodist minister says we are all muslims.

People that protest the return of ISIS terrorist to Canada are suddenly White Supremacists.

People that laugh at Trudeau's people-kind comment are instantly Nazis.

We condemn free speech that hurts other people's feelings, yet we allow them to preach and promote hate at any and every turn.

How do you rationalize a young white snowflake with a sign saying, "My Legs are open to refugees"?

A former US President that says, "If My daughter makes a mistake I don't want her **punished** with a baby." Yet tries to claim he is a Christian.

Or, how about this brilliant piece of rhetoric? "I am a socialist because it's the rich people fault I am poor". (Back in the day it was because they were too lazy to work.)

As Westerners we need to grasp and really understand that all through the ages Islam is determined to dominate all the lands they touch. Yet, here, many college kids cheer them. Seriously??

One US senator said "I hope Trump is assassinated" in a post. What has happened to the concept that we owe our leaders respect, at least for the office they hold.

"We will turn you into Body Parts", says Gaza Preacher waving an explosive vest.

Stabber of two Canadian Soldiers says, "Allah Told Me to Come Here and Kill People".

Right here in Canada, a Senior Imam mocks the Western Idea of "Marital Rape".

An Oregon Judge fines Christian bakers \$135,000 for refusing to bake a gay 'wedding' cake.

Appeals Court upholds fine against Christian bakers who refused to make same-sex wedding cake.

A Mississippi Councilman said that he wants people to throw Rocks, Bricks and Bottles at Officers chasing suspects wanted for misdemeanor crimes.

Syrian Refugees in Alberta are welcomed with the prayer, "Destroy Enemies of Islam".

We hear time after time the promotion of eradicating Jewish people.

Many others promote traditional values suddenly become targets of hate.

From sporting events to speeches, people use this as an excuse to loot and burn buildings, even police vehicles.

Some think it is okay to chant “Black Lives Matter” or for the crowds to chant, “Pigs in a blanket, fry 'em like bacon. Pigs in a blanket, fry 'em like bacon.” In New York City, protesters once shouted, “What do we want? Dead cops! When do we want them? Now!”

We see how fake news destroys people with lies and outright fabrications. Yet when they get caught use feeble excuses to justify their lies and distortions.

Here’s a good one! Donate to the Liberals to Win A Chance to Come to Toronto Pride to March with Trudeau.

A larger number of Christian leaders signed their agreement to the following statement. “The future of the world depends on our ability as Christians and Muslims to live together in peace. If we fail to make every effort to make peace and come together in harmony, you correctly remind us that ‘our eternal souls’ are at stake as well.” And how do we do that? By mutual compromise? Never! The muslims will not ever compromise their position. All the rest of us must do all the compromising – especially on topics like Jesus is the Son of God and the only way of salvation.

Canada’s Prime Minister now suggests Natives get to have their own rights above the rest of Canadians- its really a two tear system if Justin further dividing Canada.

I believe we are in the end times and we must wake up. There is very little time left to get rid of the lazy, pacifistic, ‘all-about-me’ attitudes too many are already walking in.

The Amplified Bible certainly describes the times we are in accurately.

2 Timothy 3:1-4

"Difficult Times Will Come"

1) But understand this, that in the last days dangerous times [of great stress and trouble] will come [difficult days that will be hard to bear]. 2) For people will be lovers of self [narcissistic, self-focused], lovers of money [impelled by greed], boastful, arrogant, revilers, disobedient to parents, ungrateful, unholy and profane, 3) [and they will be] unloving [devoid of natural human affection, calloused and inhumane], irreconcilable, malicious gossips, devoid of self-control [intemperate, immoral], brutal, haters of good, 4) traitors, reckless, conceited, lovers of [sensual] pleasure rather than lovers of God,

Does the way the world is going and the treasonous ways of so many politicians along with the totally corrupt fake news get you mad? Well it should!

Now, what are you going to do about it?

We need to awake with an end-time warrior attitude and get involved in the conflict. For far too long many have not taken the battle seriously.

It’s time for God’s end time army to shake off their slumber, apathy, the fear and other hindrances. It is past time to wake up and arise.

We are in a battle of Good versus evil. Failing to get involved empowers and enables evil to grow.

So, what do we do?

We must draw close to God and start to live a life that actually is ‘all about Him’ and no longer about us. We need to focus on trying to reach those that can be reached. We need to get up, to stand tall and get active in this all-important battle.

No more being AWOL (away without official leave) or MIA (missing in action).

We must come together and learn to walk as one. What does that look like? Like a well-trained army on parade – everyone in place and in step. We must quit the petty differences and fault finding that so many have allowed to drive a wedge of separation between believers.

It's time for each believer to become an Ambassador of Truth, of Freedom. Warriors who will go into battle to see the captives set free. It's time to set an example to encourage others to get involved so those already in the battle know they are not alone.

End-time warriors must invade all areas of life with the power and love of Jesus, and the word of their own testimony.

Stop hiding in the church and run into the battle. The church is a place of healing, and being equipped. It is not a place where you erect your tent in the backyard and hide-out there.

I am adding this video because of the words and truth it portrays.

Please understand that this is not about fighting the British for I am British. This is not a fantasy or movie or occult game battle. The pictures are simply a symbol of getting into the battle and winning the war of good against evil.

Together as servants of the most high we can make a difference.

Anything less than involvement is treason!
